

Please Help The Driver

Please complete this form and return to us

Your building will be delivered on one of our HGV trucks which are very large vehicles. This form helps our driver find you and lets him know if there are any obstacles he should look out for when delivering your building. If there are any access restrictions that will prevent or hinder us delivering your building you must tell us here.

Name:	Order No. Can be found on the top left side of your letter
Delivery Address:	Daytime Telephone No.
Post Code:	Mobile/ Evening Telephone No.

Our driver will use a sat nav system to find you, using the post code you provide us. If there are any restrictions please let us know below or make a sketch.

Obstructions between the main road and your property	YES / NO	How far away from your base can we park our delivery vehicle?	Please Tick
Low or narrow bridges?		Less than 25 yards	
Very narrow roads?		25 to 50 yards	
Can a vehicle of this size get down your road/street to your property?		Over 50 yards Please specify	

Please note, our price includes delivery up to 25 yards or so over a reasonable surface. We must stress that our drivers are not allowed to offload if they do not think it is safe to do so.

Please Help The Driver - Continued

Now we need you to tell us a bit about what there is between the road and your base.

	Please highlight as appropriate	
What is the surface from the road to the base?	Tarmac	Concrete
	Block Paving	Slabs
	Gravel	Hardcore
	Rubble	Grass
	Mud	Other
Is there a slope?	Yes	No
If so, is it steep?	Yes	No
Are there any steps? <i>If yes, see note below*</i>	Yes	No
If so, how many?		
Is there a gap less than 4ft wide? ie. a gate or passage	Yes	No

If the distance or the conditions prove to be very different from what you tell us here, we may have to deliver to the nearest reasonable place, or charge you extra.

**Please note that due to Health & Safety regulations our garage erectors are not allowed to carry the garage panels up or down steps.*

Where steps are involved it is your responsibility to provide a ramp over the steps to facilitate the safe delivery of the panels. You must send us pictures of the ramp so we can check its suitability prior to delivery.

<p>Please use the space below to sketch out what is between the delivery lorry and your base. You can also email pictures to us at deliveries@lidget.co.uk</p>

I hereby agree that I have understood the above and assert that all the details are correct. I also understand that should Lidget Compton be unable to deliver my building that they reserve the right to levy an additional visit charge.
